

counsel except in a public meeting. The Township engaged outside counsel who is quickly trying to get up to speed on the case, but the undersigned requests one additional week in order to continue to do that while also ensuring that the Special Master's schedule is not materially altered.

If the Special Master is willing to consider a one-week extension on the Township filing the redacted responsive records, the unredacted responsive records, the index of redactions, and its evidence (while also giving the Requester the same one-week extension on its evidence), the Township is willing to keep the remaining dates on the case schedule in place (meaning the Township will file its response to the complaint/motion to dismiss no later than June 25, 2025).

The Township respectfully requests that it be granted a one-week extension to file everything required in the Special Master's May 29 order.

Respectfully submitted,
